

The logo for Hempsall's features a stylized pink shape on the left, resembling a teardrop or a leaf, with a white semi-circle on its right side. The text 'hempsall's' is positioned to the right of this shape. 'hemp' is in white, 'sall's' is in white, and the 'p' is in yellow.

hempsall's

20 years of  
supporting  
equality and  
social mobility,  
and early years  
and childcare

A partner  
to achieve  
change and  
opportunities  
for children  
and families

Action learning at  
the Childcare Works  
national conference 2018

## Our training, research and consultancy supports:

- early years and childcare policy and strategy
- statutory and legal duties
- workforce remodelling and capacity building
- safeguarding and child protection
- SEND training and capacity building
- children's speech, language and communication
- social mobility and tackling disadvantage
- service design and delivery
- quality improvement, inspection and regulation
- change management and problem solving
- business development and sustainability
- campaign management and project coordination

## We specialise in:

- tailor-made training workshops and courses
- childcare research, sufficiency assessment and evaluation
- short- and long-term consultancy and/or development work
- national support and challenge delivery partner roles

## Working with governments

- Advice and experience sharing to inform governments' roll-out of early years and childcare policy, strategy and funding.
- Childcare Works 2016-present – supporting and challenging national implementation of 30 hours of childcare for working parents for DfE, working with local authorities (LAs) and providers.
- Achieving Two Year Olds 2012-2016 – supporting and challenging national implementation of early learning for least advantaged two-year-olds for DfE working with LAs and providers.
- Childcare Act (2006) duties – LA regional networking, support and challenge, consultancy and training on behalf of DfE.
- Approved trainers and capacity building consultants for various programmes such as Early Support for children with special educational needs and disabilities (SEND) and CWDC workforce reform.

## Working with others

- Training and consultancy for major international companies and charities.
- Supporting corporate responsibility in children and young people's safeguarding and protection, quality childcare practice e.g. NEXT Retail, Thomas Cook, Cancer Research UK, and Vision Express.

## Working with local authorities

- Childcare sufficiency assessment and market management duties.
- Coordination of local projects e.g. speech, language and communication programmes, children's centre parent volunteering and employment, business support for early years settings, childcare places development.
- CPD training, quality improvement, place creation, and business support for early years and childcare providers.
- Strategic review and resource planning.

## Working with early years, childcare providers and schools

- A huge range of engaging CPD training workshops, programmes and courses to support quality, SEND, sustainability, leadership and management, school governance and child protection.
- On-site, whole team training sessions on all aspects of quality and safeguarding.
- On-site business support, business health checks, and change management programmes.
